

BEAUTIFULLY RUINED! A VERY SPECIAL EDITION FOR SLEEK BY MARTIN EDER

Dirt

Sweat

Burner

Achtung!

If you're a metal fan, kitten lover, or once-in-a-lifetime-chance capturer, this one is for you!

Those who wonder about the dark side in Martin Eder's paintings of kittens, pugs, crows and naked girls shouldn't forget that he's also the mastermind behind the band RUIN (see page 83) whose droning doom sound combines the morbid intensity of black metal with comatose-inducing electronic sound loops. And as such, he has made this extraordinarily special edition for sleek – for sleek readers, that is.

Three of you have the chance to get your hands on one of these T-shirts, each standing for one of the three elements of metal: dirt, sweat and fire. They will sell on a first come first serve-basis – so you know what you have to do!
